of the Practitioner Health Programme

Thursday 4 & Friday 5 October 2018 30 Euston Square Conference Centre, London

Exhibiting at this conference

UK INDEMNITY, ADVICE & SUPPORT

The MDDUS is a UK wide, mutual organisation providing indemnity, advice and guidance on medico-legal matters to members who encounter professional difficulties for over 115 years. With a team of highly qualified and experienced professionals, and offices in London and Glasgow, MDDUS prides itself on providing members with a quality, personalised service at competitive rates.

Please visit our stand or www.mddus.com for a quote or more information.

Resolution

NHS Resolution is the umbrella name for the **NHS Litigation Authority** (providing indemnity schemes for the NHS in England and resolving claims for compensation fairly), the **National Clinical Assessment Service** (resolving concerns about the performance of individual practitioners) and the **Family Health Services Appeal Unit** (ensuring the prompt and fair resolution of appeals and disputes between primary care contractors and NHS England).

Since 1996, the Doctors' Support Network has independently championed positive mental health within our profession. We are a confidential peer support network for doctors and medical students with concerns about their mental health. As a registered charity, we aim to raise awareness, reduce stigma and influence the agenda regarding physician health.

The **Cameron Fund**

The GPs' own charity

The Cameron Fund – the GPs' own charity

Grants to support working-age, retired and Trainee GPs experiencing financial difficulties in times of illness, bereavement, relationship breakdown, actions of regulatory bodies, partnership issues and unemployment.

The charity also provides loans towards re-training expenses encountered during a return to work.

Tea and Empathy is a wonderful peer support network - of thousands of healthcare professionals working across the NHS and the world. The aim of Tea and Empathy is to foster an atmosphere of compassion and support throughout the healthcare profession - so that no one feels they are alone or unsupported.
