CONFERENCES UK**

10% card payments discount*
15% group booking discount**
£100 special rate for BADS members

Day Case Endocrine Surgery

Tuesday 25th April 2023

Virtual Conference

As we enter the recovery phase following the huge disruption caused by Covid-19 the number of patients waiting for elective surgery remains at record levels, the highest it has ever been in the history of the NHS. In response to the Government Elective Recovery Plan, it is clear we must work differently to respond to these unprecedented waits. Increasing the delivery of day case surgery is an important component towards achieving this.

Currently there is significant national variation in day-case endocrine surgery performance. Why, if some procedures are being undertaken as a day case, safely with good outcomes and patient experience, is this not being reproduced throughout the country? The aim of this one-day virtual conference is to provide an opportunity to share learning about successful day-case endocrine surgery and showcase what can be achieved, including key aspects of the day surgery pathway, current guidance and using data in its successful delivery.

Join us to learn how this is achievable for our patients.

This conference will enable you to:

- Network with colleagues who are working to improve day surgery endocrine surgery delivery
- Reflect on national developments
- Ensure you are up to date with the latest national practice
- Learn from outstanding practice in day case endocrine surgery
- Understand how you can improve your day surgery pathways
- Identify key strategies for implementation of day case endocrine surgery
- Self-assess and reflect on your own practice
- Supports CPD professional development and acts as revalidation evidence. This course provides 5 Hrs training for CPD subject to peer group approval for revalidation purposes

About the British Association of Day Surgery (BADS)

The British Association of Day Surgery (BADS) is a multi-disciplinary organisation constituted of surgeons, anaesthetists, nurses and allied healthcare professionals, including operating department practitioners, anaesthetic practitioners, perioperative assistants, physiotherapists and hospital managers.

It is committed to promoting excellence in day surgery via its educational activities, publications and collaborations with other organisations including Getting it Right First Time and The Centre for Perioperative Care.

Membership benefits include free access to our online handbooks, advice sheets, day surgery directories and previous annual conference presentations. Members also receive discounted fees for the BADS Annual Conference and HCUK/BADS virtual conferences and are eligible to apply for the BADS Educational Grant and complimentary membership of the International Association of Ambulatory Surgery. They may also submit unlimited publications to the Journal of One Day Surgery without incurring article processing fees.

Further information is available from the BADS website: www.bads.co.uk

10.00 AM Chair's Welcome and Introduction

Mr Gabriele Galata *Consultant in Endocrine and General Surgery, King's College Hospital*

10.10 Day surgery and the elective recovery programme

Mr Mark Lansdown
Consultant Endocrine Surgeon
Leeds Teaching Hospitals NHS Trust

- The national picture around day case endocrine and disease progression

10.30 Considerations for day case treatment of endocrine pathologies

Prof. Klaus-Martin Schulte
Chair of Surgery
Australian National University, Canberra

- Moving existing inpatient pathways safely to DSU (lymphadectomy)
- Thyroid
- Parathyroid
- Adrenalectomy

11.00 Optimising the day surgery pathway

Dr Rachel Tibble
Consultant
Derby Teaching Hospitals NHS Foundation Trust

- Key elements of a day surgery pathway
- Patient suitability for day surgery
- Planning for successful day surgery

11.30 *Question and Answers, followed by Comfort Break and Virtual Networking at 11.40*

12.00 The role of the day surgery teams

Ms Karen Harries
Day Surgery Nursing Lead
King's College Hospital NHS Foundation Trust
BADS Council member

- POA admission and discharge
- Theatre considerations (skill set / training, equipment)
- Need for education and competencies

12.25 Using data to drive day surgery delivery

Mr Neil Davies
Senior Implementation Manager
GiRFT

- Using data to motivate teams
- Sources of day surgery metrics
- GiRFT endocrine surgery data

12.50 *Question and Answers, followed by Lunch Break and Virtual Networking at 13.00*

13.45 Day case endocrine surgery, ideal world vs reality

Mr Vishnusai Chauhan
Specialty Registrar
Nottingham University Hospital NHS Trust

Mr Johnathan Hubbard
Consultant Endocrine and General Surgeon
Guy's and St Thomas' Hospital NHS Trust

Dr Fraser Dunsire
Anaesthetic Consultant, King's College Hospital NHS Foundation Trust

- What is stopping Nottingham from doing day surgery
- Experience of prep for DSU at UCH
- Pitfalls in practice at GSTT
- Anaesthetic considerations and potential barriers to a successful DSU pathway
- Total/subtotal thyroidectomy
- Hemi/partial thyroidectomy, lobectomy
- Parathyroid surgery

14.45 *Question and Answers, followed by Comfort Break and Virtual Networking*

15.15 Day case laparoscopic adrenalectomy

Mr Ammar Al-Lawati
SCF in Endocrine and General Surgery
King's College Hospital NHS Foundation Trust

- Technical preparation and selection of appropriate patients
- Surgical technique and potential barriers
- Medical optimisation, safety net and follow up

16.00 *Questions and Answers, followed by Close*
