“Adult safeguarding means protecting a person’s right to live in safety, free from abuse and neglect”

Adult Safeguarding Network, NHS England

“The hand of safeguarding helps all children and adults who are at risk of harm or abuse. It touches the lives of children when it protects them from harm and neglect from wherever that comes; and it helps to provide them with all the chances needed to achieve the best a life can bring. To vulnerable adults it brings kindness, respect, dignity and support however short the hand that life has dealt them, and it protects them from harm and misuse from all and any quarter. It falls to us all in the NHS to give our hands to these endeavours.”

Dr Peter Green, Consultant in Child Safeguarding & Hilary Garratt, Director of Nursing, NHS England, Deputy Chief Nursing Officer, England and Chair of the National Safeguarding Steering Group

We are pleased to announce National Safeguarding Adults Summit which this year will focus on improving adult safeguarding practice: decision making, user involvement and outcomes. The conference aims to bring together adult safeguarding leads to understand current issues and the national context, and to debate and discuss key issues and areas you are facing in practice in moving forward with ‘making safeguarding personal’ and a developing a strengths based approach to adult safeguarding.

“Evidence of strength based approaches leading to good outcomes for people can be found... in particular those involving safeguarding.” Chief Social Worker for Adults Annual Report 2017-18

“A strengths-based approach explores, in a collaborative way the entire individual’s abilities and their circumstances rather than making the deficit the focus of the intervention. We should gather a holistic picture of the individual’s life” Strengths-based approach practice framework, Department of Health and Social Care February 2019

This conference will enable you to:

- Network with colleagues who are working to improve adult safeguarding practice
- Understand the national context of your safeguarding practice
- Move towards full implementation of Making Safeguarding Personal
- Reflect on how you can develop and embed a strengths based approach to adult safeguarding
- Ensure the learning from Safeguarding Adult Reviews (SARs) is used to identify systemic risk issues and improve practice
- Learn from others to enable a user focused approach to adult safeguarding, including hearing from service users
- Monitor and improve service user led outcomes for safeguarding
- Learn from a different approach to safeguarding young adults
- Understand the legal context including implications of recent developments such as the move from DoLS to Liberty Protection Safeguards
- Improve your skills in decision making in adult safeguarding: understanding mental capacity
- Develop your skills in safeguarding investigation, undertaking a safeguarding enquiry and report writing
- Improve practice in multi-agency information sharing including GDPR in safeguarding
- Self assess and reflect on your own practice
- Gain CPD accreditation points contributing to professional development and revalidation evidence

100% of delegates who attended our last conference on Adult Safeguarding would recommend the conference to a colleague
