

# Nurse Clinics 2019

## Call for Abstracts

Friday 15<sup>th</sup> November 2019  
De Vere W1 Conference Centre, London

Healthcare Conferences UK are pleased to announce Nurse Clinics 2019 the premier conference for nurses working at advanced practice and running their own clinics and services.

We are opening part of the 2019 conference to abstracts; which Healthcare Conferences UK will assess for inclusion in the conference programme as an oral presentation or poster display.

The event has been updated following national development and feedback from previous years, and is for nurses who run or are thinking of running clinics both in primary and secondary care and those who support them from all specialties.

Details of the two types of presentation are below:

### **Oral presentation:**

Abstracts selected for oral presentation in one of the specialty streams or practical workshops. Each presenter will be allocated a 20-30 minute session followed by 10 minutes question and answers in the most suitable sector of the conference programme. If your abstract is selected for an oral presentation, you will receive a free delegate place at the conference.

### **Poster Display:**

Poster presentations are visual displays of material, which will be displayed in the exhibition area throughout the conference. If your presentation is selected for a poster display, you will receive a 25% discount from the conference delegate fee.

If your abstract is selected for either presentation, it will be included in the conference handbook.

All abstracts should be emailed to [clare@hc-uk.org.uk](mailto:clare@hc-uk.org.uk) using the submission form attached. Abstract guidelines are located on page 2. The deadline for submission of abstracts is **Friday 25<sup>th</sup> January 2019** (we cannot accept any abstracts after this date).

If you have any questions, please email [clare@hc-uk.org.uk](mailto:clare@hc-uk.org.uk).

## GUIDELINES FOR ABSTRACT SUBMISSION

### All Abstracts should include the following:

- All abstracts should be completed on the attached abstract form; other documents are not accepted.
- All should include: title, author, organisation, 3 bullet points summarising the presentation, plus objectives of the service, how the service has been developed, results, conclusions and outcomes including challenges and issues, and future plans.
- Maximum 2 pages (longer abstracts will not be reviewed)
- Abstracts will be reviewed based on criteria as follows: acceptability for programme, originality, completeness, clarity of objectives, methods, results and conclusions and implications for other projects
- Format: when emailing please name your word document “Abstract Nurse Clinics 2019 & your name/name of first author”
- Key areas that we are looking for abstracts to specifically focus on include:
  - Setting up, running and developing nurse clinics
  - Redesigning services and ways of working for quality improvement
  - Developing competence, nursing leadership and working at an advanced level of practice
  - Developing protocols and guidelines to support nurse clinics
  - Making and receiving referrals
  - Nurse led diagnosis and investigation
  - Nurse led follow-up
  - Nurse Prescribing within nurse clinics
  - Engaging the multidisciplinary team, including consultant or GP support
  - Patient safety and improving quality of care and productivity within a nurse led clinic
  - Audit and evaluation of nurse led clinics
