The National Joint Registry

Supporting Organisations
Hip Replacement
Reducing Length of Stay & Improving Outcomes

Friday 5 April 2019  De Vere W1 Conference Centre, London

This conference focuses on reducing length of stay and improving outcomes for Hip Replacement with an extended in depth look at moving to Day Case Hip Replacement.

“More joint replacements than ever before were carried out in the year, with over 252,250 cases submitted to the NJR; this equates to c. 10,000 additional joint replacement operations than recorded in the previous annual period…During 2017, 91,698 hip replacements were entered into the NJR.” National Joint Registry September 2018

This conference will enable you to:

• Network with colleagues who are working to improve quality and outcomes for hip replacement patients
• Learn from outstanding practice from organisations that have been successful in delivering hip and knee replacement as a day case
• Reflect on national developments and learning
• Improve your care pathway for hip replacement
• Understand how to develop a day case pathway including patient suitability criteria
• Ensure you are up to date with latest evidence in regard to implant survivorship and mortality
• Understand how you can implementing the learning from the National Joint Registry at a local level
• Identify key strategies for reducing length of stay whilst ensuring safety
• Understand how you can measure and monitor patient outcomes in real time and in the longer term
• Self assess and reflect on your own practice
• Gain cpd accreditation points contributing to professional development and revalidation evidence

100% of delegates at our previous conference on this subject would recommend it to a colleague
10.00 Chair’s Introduction

Prof John Skinner
Professor of Orthopaedics, UCL, Honorary, Consultant in Orthopaedics, and Director of Research and Innovation Centre, Royal National Orthopaedics Hospital NHS Trust, and Founding Director, London Implant Retrieval Centre
Immediate Past President, British Hip Society and an elected member of the Council of the British Orthopaedic Association
