Friday 30 November 2018 De Vere West One Conference Centre, London

Healthcare Conferences UK in association with Christopher Fincken, Independent Member UK Caldicott Guardian Council, (Chairman 2012-2017) & Caldicott Guardian at Marie Curie are pleased to announce this Conference which will focus on Information Sharing and Caldicott Principles in Adult Safeguarding. Following the success of our previous Caldicott Guardian National Conferences, and feedback from our regular Caldicott Training Masterclasses, this conference will focus on developing your role in improving communication and information sharing in adult safeguarding whilst ensuring patient confidentiality. Case studies will focus on applying the Caldicott Principles in Adult Safeguarding, Domestic Violence, working with the Police, working with homeless people and working with Vulnerable Adults in Mental Health services.

“Its not only about what you can do legally but what you should be doing morally and ethically. Many IG experts do not understand that there is an ethical side to this... sometimes its right to breach the law if it’s the right thing to do” Dawn Monaghan Head of Data Sharing and Privacy NHS England

This conference will enable you to:

- Network with fellow Adult Safeguarding Leads, Caldicott Guardians and IG Leads working to ensure adherence to Caldicott principles in adult safeguarding
- Understand and reflect on decision making around information sharing
- Update your knowledge on ethical decision making principles and frameworks and how you can implement these in decision making practice
- Understand when information can be shared with relatives, other professionals and services, and when it cannot
- Learn from established practice in the delivery of Caldicott Principles in Domestic Violence and working with MARACs
- Understand the legal and ethical implications around information sharing and the Duty of Candour
- Understand the importance of effective multi agency information sharing in adult safeguarding
- Identify key strategies for working with, and sharing information with the police
- Learn from practical experiences of a Caldicott Guardian within a Mental Health setting
- Understand the implications of GDPR in adult safeguarding
- Self assess and reflect on your own practice
- Gain CPD accreditation points contributing to professional development and revalidation evidence

100% of delegates at our previous conference on this subject would recommend it to a colleague
