Monday 5th March 2018
De Vere West One Conference Centre, London

The Clinical Audit for Improvement Summit 2018 supported by the National Quality Improvement and Clinical Audit Network (NQICAN) will bring together clinicians and managers leading local Clinical Audit for Improvement. Through a series of national updates, practical case studies, extended sessions and poster presentations, this one day conference brings together an exceptional gathering of leading practitioners, clinicians, and policy makers to set out the major developments, promote innovative areas of clinical audit, and debate the key challenges affecting you and your clinical audit practice.

“Trusts rated good and outstanding have effective clinical audit processes and ensure that audits are used to drive quality improvements” Care Quality Commission 2017

***“For a trust to be confident about the quality of its services there must be a comprehensive clinical audit programme supported by a programme of continuous quality improvement”
Care Quality Commission, 2017***

This summit focuses on clinical audit for improvement with a particular focus on the development of effective local clinical audit leading to audit recommendations that change practice and improve patient care. Hot topic focus issues this year will be on Clinical Audit Leadership, Mortality Audit and GDPR.

The conference will enable you to:

- Network with colleagues who are working to improve clinical audit practice
- Learn from outstanding practice in quality improvement and change as a result of clinical audit findings
- Reflect on national clinical audit developments
- Develop your clinical leadership skills and ensure your voice is heard
- Understand the implications of the GDPR for clinical audit
- Meet the national requirements for Mortality Audit
- Ensure delivery of local improvement and learning from National Audit
- Identify key strategies for ensuring change occurs as a result of clinical audit
- Self assess, reflect and expand your skills in clinical audit practice

100% of delegates at Clinical Audit 2017 would recommend it to a colleagues
