Monday 4 March 2019 De Vere West One Conference Centre, London

"For acute services to be judged safe, they have to be safe 24/7" NHS England

"Illness is no respecter of time or boundaries. It can occur anywhere, at any time of the day or night, and a sudden onset of sickness or pain can be frightening for the bravest soul." Professor Norman Williams, Academy of Medical Royal Colleges Seven Day Consultant Presence Care Group Chair and President of the Royal College of Surgeons

This Hospital at Night Summit focuses on out of hours care in hospitals delivering high quality safe care at night. Through national updates, networking opportunities and case studies this conference provides a practical guide to delivering a high quality hospital at night.

Benefits of attending

This conference will enable you to:

- Network with colleagues who are working to improve Hospital at Night Practice
 - Improve your skills in the recognition management and escalation of deteriorating patients at night
 - Understand and evaluate different models for Hospital at Night
 - Examine the role of task management solutions for Hospital at Night, including handover and eObservations
 - Ensuring effective and safe staffing at night, including adequate breaks
 - Examine Hospital at Night team roles, competence and improve team working
 - Improving safety through the reduction of falls at night
 - Delivering improved sleep and reduced noise at night
 - Understand the role of the nurse practitioner at night
 - Identify key strategies to change practice and ways of working in Hospital at Night
 - Understand how hospitals can improve conditions for night workers, and receive top tips on surviving the night shift
 - Self assess and reflect on your own practice
 - Gain CPD accreditation points contributing to professional development and revalidation
- Evidence
