

# Nursing Appraisal & implementing the New NMC Code of Practice

Thursday 7 July 2016 Hallam Conference Centre, London

## *Exhibiting at this conference*

Clarity Informatics creates innovative IT solutions specifically for the healthcare industry that improve patient safety and outcomes, save clinical time and are cost effective. One of these tools is the Appraisal Toolkit for Nurses. The Appraisal Toolkit for Nurses is an RCN accredited online solution designed to make the appraisal and revalidation process as simple as possible for nurses and midwives.
