Wednesday 6 December 2017 Manchester Conference Centre, Manchester

Exhibiting at this conference

Turun UK is the leading patient safety provider of falls and elopement solutions, with over 20 year" experience. We have been pioneers in helping to reduce the risk of falls from a bed, chair and toilet, and would welcome the opportunity to showcase our latest innovation to you at our stand. You will find our latest product development to be the most valuable change seen for over 10 years. www.turun.co.uk

The SensorCare Falls Prevention System is an unobtrusive monitor which has been clinically proven to assist in the reduction of falls.

Using the latest technology, the SensorCare Falls Prevention Systems provide an early warning that alerts the carer that mobilisation is being initiated, thus enabling appropriate attention to be given.

Flynn Pharma is a speciality pharmaceutical company with interests in CNS medicine in both adults and paediatrics. Flynn supplies branded and generic medicines in a wide range of injectable and oral antibiotics. Flynn focuses on providing products for under-served patient populations by re-energising tried and trusted branded products. Ongoing product development and acquisition programmes concentrate on introducing new products, improving existing formulations and introducing new indications.
